Kathleen H. Perry
Principal

2003-2004 School Year

To Our Business Partner in Education:

The students, faculty and staff of Olympic Heights Community High School wish to thank you for becoming our ***“Partner In Education.”*** Partnerships encompass many different types of support agreements between the business community and the school center. Business support may include mentoring, internships, job shadowing, cooperative education work experiences, tutoring, display space for student work, club and athletic sponsorship, in-kind services, and donations of supplies and equipment. Your specific partnership agreement with Olympic Heights serves as a valuable support system for student success.

Olympic Heights will be rewarding your efforts with special recognition, which may include coverage in the local media, school marquee billing, notes from students, school spirit items, invitations to appreciation programs and complimentary tickets to school plays, concerts and athletic events.

We extend to your business an open invitation and encourage you to visit Olympic Heights Community High School to see how your generosity has improved the quality of education on our campus.

Sincerely,

Kathleen H. Perry
Principal

Alice Tingler
Business Partnership Chairperson
